

OUR PHILOSOPHY

Cape Cod Children's Place provides a safe and nurturing environment for children and promotes their physical, social, emotional and cognitive development. We believe there is a critical link between a child's early experiences and later success in life. The program recognizes the developmental needs of this varied age group and that children need time to be children and time to experience their childhoods. Activities will be provided to meet the needs of each age group. We offer an environment that embraces differences of all kinds and reflects our multicultural world. Children's positive feelings of self worth must be the foundation of all curriculum development.

OUR MISSION

Cape Cod Children's Place is a non-profit resource, referral, and education center committed to providing high-quality care, support, and advocacy for families with young children in order to sustain a healthy community for Cape Cod's future.
